# Growing Market for Two-wheel Racing

## MotoMSF - a subsidiary under Malaysia Speed Festival (MSF)

- Racing division that focuses on 2-wheel racing
- Promoting affordable racing for motorcycle enthusiasts with lots of handlebar-to-handlebar racing action
- Providing an exhilarating yet safe platform for non-racers to experience the thrill of speed and circuit riding through MotoMSF Trackdays

## MSF Superbikes and Malaysian Supermoto Championship

- Two main events in MotoMSF's calendar: MSF Superbikes and Malaysian Supermoto Championship (formerly MSF Supermoto)
- Growing market for hardcore racers
- Supporting up-and-coming rookies, especially via the Supermoto series - held in various venues across the country, enabling races to be more accessible and affordable

# Malaysian SuperMoto Championship

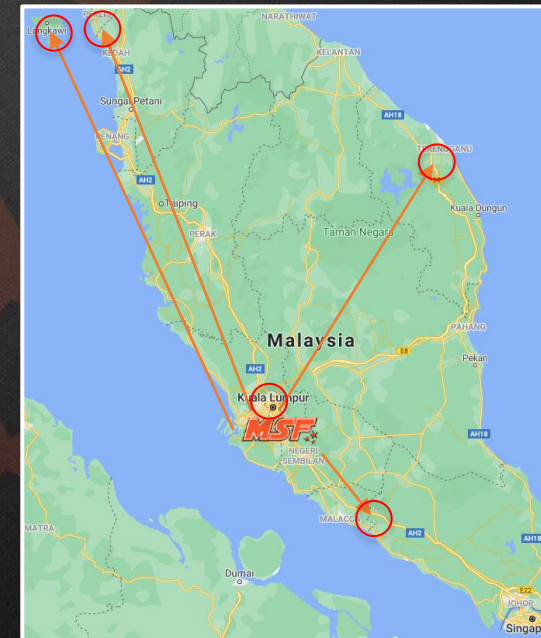

# Malaysian SuperMoto Championship by MotoMSF

## Growing MSF SuperMoto to Malaysian SuperMoto Championship

- MSF SuperMoto exploded onto the scene in late-2021, successfully grown into a series with over 60 active participants from Malaysia and Southeast Asia
- In just 2 years, the MSF SuperMoto Series got upgraded to be the "Malaysian SuperMoto Championship by MotoMSF", a segment with exciting prospects to tap into

## Motorsports shall not be limited to only Sepang Circuit!

- Smaller circuits around Malaysia offer just enough space and requirements to operate full championships
- This is *important* to gather content and visibility: rather than just the same old Sepang circuit

Perlumbaan MSF Supermoto yang dijadualkan berlangsung di Tangkak, Johor pada 9 Januari nanti ditunda kepada satu tarikh baru.

Pihak penganjur mengambil keputusan ini setelah dinasihatkan oleh pihak-pihak berwajib, ekoran banjir yang menimpa negeri Johor selama dua minggu ini.

- **Enjoyable fun for all walks of life:** the E-Scooters & PEV scene has opened up a whole new segment that has previously not existed, as these machines are seemingly approachable and 'friendly' simply because they are quiet and emit no noxious fumes and smells: the majority of riding guests are families and females, whom we would normally not see even at a rental fun kart track.

## *History of MSF*

# MSF Milestones

**2010**

Auspiciously started as 'Saturday Night Fever' (SNF) on Christmas night, racing on the half-circuit.

Audience: 700  
Participants: 45 cars

**2012**

SNF upgraded to full AAM-sanctioned event with full safety requirements, running 7 rounds, averaging 100 cars/round.

Audience: 1500  
Participants: 100 cars

**2013**

SNF ran half the rounds at the South paddock.

Introduced SNF Moto for bikes under 150cc.

Entries and audience stabilised at 1000/1200

**2016**

SNF was rebranded to MSF, upgrading from half-circuit races to now a bigger full-circuit race.

**2018**

MSF ended the year with a massive Finale - running our Trackday, Drift Gonzo, SuperTurismo & MSFSBK all together alongside Caterham and F4 Sea.

**2020**

Due to the pandemic, MSF the biggest race series in Malaysia pivoted to the virtual world with MSF CyberTurismo - initially out of pure fun but turned out to be something that continued till today.

# From SNF to MSF

## SNF upgraded to MSF in 2016

- Full circuit racing replacing half-circuit: bigger challenge
- Daylight racing replacing night-time racing: more participants and spectators
- Full day event with Track Day activities preceding the Racing: more participants and spectators
- **Spectators up from 1,500 to 10,000**
- **Participants up from 100 to 200+ every round**

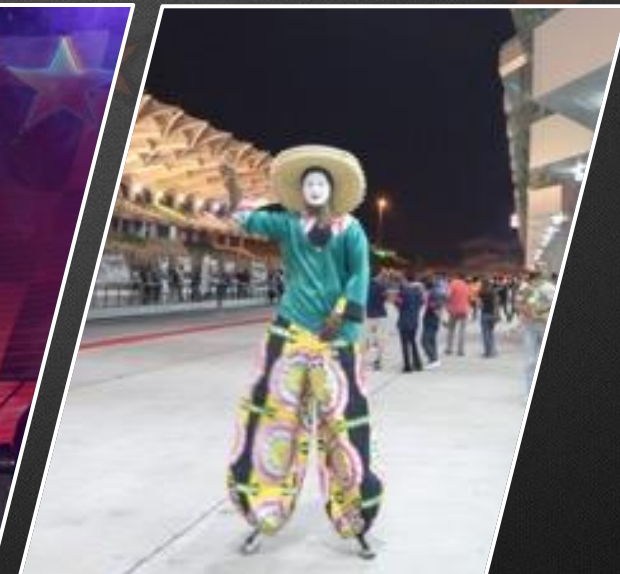

## Why the upgrade?

- Market was ready for the change to daylight racing and full day activities
- To expand the event to other motorsports enthusiasts and activities
- Raise our SNF racing event to the next level, to further grow

## MSF phenomenon

- Announcement made late 2015
- 90 cars took part in MSF Racing Rnd 1 on 5 June 2016; track day was sold out
- Through out 2017, we average 160~170 entries. **From 2018, entries per round surpass 200 cars, 80 superbikes, and 200 track day cars**
